VOLUME NUMBER 88

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JANUARY 15, 1948

NUMBER 35

W. A. (Bill) Morrison For District Judge

W. A. (Bill) Morrison has announced his candidacy for the nomination for District Judge subject to the Democratic Primary election to be held on Saturday, July 24.

A native of Cameron, former student of the University of Texas, former City Attorney of Cameron and Criminal District Attorney of Milam County, and a veteran of World War II, Mr. Morrison announced today that he would be a candidate to succeed Judge John Watson as District Judge.

Mr. Morrison is married, has one child, and is a member of the Presbyterian Church. He was admitted to the Bar in 1932 and was elected City Attorney of Cameron in the spring of 1934. In the summer of 1934 Mr. Morrison was appointed District Attorney upon the death of the incumbent and served out the remainder of the term. Following this he served again as City Attorney from 1935 until 1938. In 1938 he was elected District Attorney and served until early in 1942, during which time his fellow prosecutors of the State recognized his ability by elect-

ing him President of the District and County Attorney's Association of Texas.

Within three months after Pearl Harbor Mr. Morrison wound up affairs of his office, resigned and enlisted in the Army as a private. He served in the Army for four years, three of them being in the European Theatre of Operations where he won four battle stars in combat as a Tech Sergeant. Upon his return to Milam County following the end of the war he was elected again as prosecutor and is now serving in that capacity.

Mr. Morrison has been twice Chancellor Commander of the Knights of Pythias, is a member of the Sons of Herman and I. O. O. F., is an active member of the American Legion, and holds an office in the Veterans of Foreign Wars and in the Forty and Eight.

Mr. Morrison respectfully requests that the voters, in making their selection of the next District Judge, consider his maturity, his years of experience in the courts, and his record of law enforcement.

MASSEY CASE GOES UP

RECORD IN TRIAL IS READY FOR HIGH COURT

A statement of facts together with bills of exception by defense attorneys in the Massey case were filed with Judge John Watson's court for transmittal to the court of Criminal Appeals in Austin.

Dr. Ola Dee Massey, Waco dentist, was convicted in district court here on charges of kidnapping with intent to extort in connection with the placing of her aunt, Mrs. R. H. Johnson in a Waco Hospital.

Attorney Beard of Waco and Camp & Camp are counsel for Dr. Massey, who was given 5 years in prison here late in 1947.

The statement of facts and bills of exception as qualified by the court were filed here. When the Court of Criminal Appeals takes up this case in Austin the facts as submitted and also bills of exception will be heard by brief and argument by both the state's attorney, Bill Morrison and by defense attorneys.

The case will be considered on points of law only.

Dr. Massey, woman dentist, was indicted following the disappearance of jewelry and silverware and other things of value from the home of Mrs. Johnson in Cameron while she was forcibly detained in a Waco hospital. All the valuables save a diamond brooch valued at \$2500 have been recovered. The brooch is alleged to have disappeared from Mrs. Johnson's purse in Waco.

SOIL WORK GETS BIG BOOST IN THIS AREA

Soil conservation, vital policy for preserving farm lands and increasing production, got a big boost here this week when the Soil Conservation Association of Milam County, announced an educational campaign.

L. G. Smith, manager of the Chamber of Commerce, gave details early Wednesday of a conference held Tuesday night between directors and representatives of the conservation work. E. P. Fisher, chairman of the conservation work and T. O. Pridgen, conservationist for this district were present. The program was explained.

A booklet outlining the plan will soon be published. The Chamber of Commerce gave \$75 toward the expense of publication. The booklet will be placed in libraries, schools, colleges and to local civic clubs for distribution in the campaign of education to the needs and values of soil conservation practices in Milam County.

Mr. Smith said these booklets will be distributed locally to the farmers and others as soon as they are available.

Improvement Sought For Highways Leading Through The City

Improvement of highways leading through the City of Cameron is sought and E. A. Perrin, chairman of the Good Roads Committee for the Chamber of Commerce, reported to the Board of Directors Tuesday night.

Mr. Perrin said he had met with the City Council and had requested a letter to J. E. Blair, District Highway Engineer, asking for the improvement of these highways.

Funds for such work have been available for years but for some unexplained reason Cameron has not obtained them. The Planning Board report in 1945 pointed out that 53 blocks through the city were eligible for paving on two highways, Nos. 36 and 190.

ROY GRIFFITH OFFERS FOR MAYOR OF CAMERON

Roy Griffith, well known business man, is a candidate for the nomination for Mayor, subject to the City Democratic Primary election to be held on Tuesday, February 3.

Mr. Griffith said in making his announcement that he has been petitioned by a number of citizens and business men to offer for the place and that he feels that he should not shirk the responsibility since this expression of confidence has been made by these citizens.

Mr. Griffith said that he would make no promises but that if elected he will do his very best to make the people a good mayor and will do everything he can to put the city's finances in order. He says he recognizes that there is much work to be done but he will have more time now to devote to the duties of the office.

Mr. Griffith served for several terms as a member of the Board of Aldermen and feels that he is well conversant with the duties and responsibilities the office will impose.

"I shall not have time to make a canvas of the voters but I will see as many as possible to ask their support. Under these conditions I want you to know that your vote will be appreciated and I will be grateful for your support and your co-operation when I assume the duties of this office."

Mr. Griffith is a pioneer citizen of Cameron and for many years has been engaged in his own business, the Griffith Barber Shop, recently admitting an associate, Mr. Ford, in the business.

Friends of Mr. Griffith throughout the city will be pleased to know that he is a candidate for the office of Mayor and will give him their active support.

Mr. Griffith was specific to make one pledge and that is that he will do the best he can and with all his capabilities will press for a business like administration of the city's affairs.

Mr. and Mrs. Lad James and Ladis Jr., of Temple were Sunday guests of their parents, Mr. and Mrs. F. F. Spurek and Mr. and Mrs. Joe James. Little Ladis enjoyed a movie in Cameron with his aunt Helen.

WOOD MILL BUILDING HERE

POSTAL RECEIPTS SHOW INCREASE

24 1-2 DEGREES HERE

NEW LOW TEMPERATURE REGISTERED IN CITY

Temperature in Cameron Wednesday morning was 24½ degrees.

L. W. Smith, local observer for the United States Weather Bureau, said early Wednesday morning that it was colder here than in Dallas and a number of North Texas points.

This fact recalled a weather reading here in 1929 when the thermometer registered 10 below zero the coldest spot in the nation for that day. It was a freak condition with some 5 inches of snow on the ground.

Wednesday morning it was some 10 degrees colder than on Tuesday morning. According to the figures it was some 5 and a half degrees colder in Cameron than in Dallas on Wednesday morning.

The low reading here Wednesday was a surprise to many but the reading is correct and will go down in the record book.

W. H. STAFFORD ASKS CITY SECRETARY PLACE

W. H. Stafford, City Secretary, is a candidate for the nomination subject to the Democratic Primary election to be held on Tuesday, February 3.

Mr. Stafford is a candidate for his first full term as City Secretary, having been appointed to that position on January 2, 1947 following the resignation of Dan Tyson who was appointed County Judge.

Mr. Stafford has an enviable record of efficient service in this position and friends throughout the city will welcome his announcement as a candidate for a first full term in the office.

He pledges the people that he will continue to render this fine service and will be deeply grateful for your vote and support in the coming election.

Mr. Stafford has qualified himself for this service to the city by a close application to duty and pledges the people he will give them the benefit of these qualifications in his first full term as Secretary.

They Ruled Me Off

I needed mollification but I got asperity, meaning of course that I fell a victim of the mazes of the Terrell Election Law, a statutory monstrosity, and could not become a candidate for Mayor in the primary on February 3.

Under strict interpretation of the law governing primary elections I am not a citizen of the city although I have labored on this bleak hillside and dodged the fox holes for 27 years. During the housing shortage I was forced to move 20 feet outside the corporate limits where I purchased a home. When my neighbor's children were ruled out of the Cameron schools by another freak and unjust law I volunteered to come in and so was annexed last September along with 25 other people.

The solicitation of many good citizens that I offer for Mayor was and still is very re-assuring, and yielding to the requests I filed for Mayor Monday morning at 11:30. My candidacy was so short I may have set a record. Late Monday Chairman Lee McLane notified me that the action of the committee was to rule me off the ballot when it was determined that it would require too long to get an opinion from the Attorney General. The Committee acted upon the orthodox statute.

I wish to make it plain that I do (continued from page one)

FIRST EQUIPMENT IS RECEIVED TUESDAY

Several truck loads of equipment for the wood mill to be established in Cameron have arrived in this city and other consignment of machinery is on the way, it was announced early Wednesday by L. G. Smith, manager of the Chamber of Commerce.

H. A. Fonville, associated with the industry in Wichita Falls, spent several weeks in Cameron in the late fall of 1947 signing up timber contracts to insure a supply of timber for the mill.

Mr. Fonville is now in Cameron and is supervising the disposition of the equipment soon to be installed.

The wood mill will be located on property joining the Matyastik Gin on the Buckholts road.

The plant will deal largely in timbers to be used in the manufacture of boxes for shipping purposes and other allied products.

Mr. Fonville said that he had obtained timber contracts in sufficient volume to insure successful operation of the mill. He hopes to have the plant in operation soon.

Timber owners will benefit also for they can trade their logs and receive finished timber for use on their farm.

BUTLER BROS. SEEKING TO INTEREST PEOPLE

Butler Brothers, owners of the Crawford Stores chain are proposing that a store be located in Cameron and the matter is being examined here.

The Crawford Stores operate on the basis of local investments and an inquiry is now being made to determine if there are any here who wish to become part owners of the Cameron store. It was not indicated at this time whether such a venture would succeed here.

Civic leaders were pleased to note that the organization sponsoring these stores believe that Cameron as a good business center would be attractive to outside investors.

Contacts were being made to determine the extent of interest. The store, if located in Cameron, would want a prominent downtown location but business property is at an all time premium here.

LEO ADOLPH JISTEL IS BURIED HERE SATURDAY

Leo Adolph Jistel, 22, died near Cameron Friday, January 9.

Mr. Jistel was a native of Milam county and had lived near Cameron practically all his life. He was born March 21, 1925.

At the time of his death Mr. Jistel was employed by the Veterans Administration as an Agricultural Instructor and was stationed at Schulenberg, Texas.

Funeral services were to be held at 3 p. m. Saturday, January 10 from St. Monica's Catholic church with Rev. George J. Duda, pastor, officiating. Interment in the St. Monica Cemetery with the Green Funeral Home directing arrangements. Pall bearers were selected from among his cousins.

Surviving are his widow, Mrs. Alene Clark Jistel and one son, Kenneth Frank Jistel and his parents, Mr. and Mrs. A. L. Jistel of Route 1, Cameron.

Three brothers and three sisters survive as follows: Milton Jistel, Adolph Billie Jistel, Jr., and Clarence Jistel all of Cameron; Mrs. Dorothy Klieber of Schulenberg; Mrs. Gernice Kurtz and Miss Evelyn Jistel of Cameron.

Mr. and Mrs. Ira L. Pack of Buckholts were Cameron visitors this week.

LOCAL OFFICE REGAINS FIRST CLASS RATING

Cameron's postoffice has regained its first class rating as a result of an increase in receipts during the fiscal year just closed, it was revealed by J. R. Hays, Postmaster.

Mr. Hays says in his report that receipts at the Cameron office have increased 9.3 per cent over the receipts for 1946.

Receipts at the local office for the year 1947 were \$40,345.21 compared with \$36,970.50 during 1946. This places the Cameron office back in the first class. Receipts for 1947 were not as high as the 1944 receipts, an all time high for the Cameron office, Mr. Hays discloses. In that year receipts totaled \$41,399.00 and in 1945 the receipts were \$41,269.43.

Postoffices with receipts totaling as much as 40 thousand dollars are classified first class. Receipts from 8 to 40 thousand dollars classify as second class and from 15 hundred to 8 thousand dollars they are third class. All postoffices with receipts below \$1500 are fourth class.

MRS. ED. KUEHL DIED IN WACO EARLY MONDAY

Mrs. Ed. Kuehl, 74, pioneer Texas resident, died early Monday morning in Provident Hospital in Waco.

Mrs. Kuehl was the mother of W. E. Kuehl and Ted Kuehl of Cameron. Her home was in Reisel where she had lived for many years, rearing a large family.

Funeral services to be held in Reisel on Tuesday afternoon at the First Methodist Church with interment in the cemetery at Reisel.

Friends in Cameron were deeply grieved to learn of Mrs. Kuehl's death and extend deepest sympathy to Ted and W. E., both very fine citizens.

Three Pastors Are At Evangelistic Meeting In Dallas

Rev. L. L. Morris, pastor First Baptist Church in Cameron, Rev. Shirl D. Davidson, pastor Battetown Baptist Church and Rev. McGill, pastor of the South Elm Baptist Church are among the pastors in Milam County who are attending the State-wide Evangelistic Conference being held at First Baptist Church in Dallas.

The Conference opened Monday, January 12 and will continue through Wednesday, January 14. Speakers from various parts of the state will be heard in a splendid program which has been built around the theme of evangelism.

EMMETT STREETMAN RUNS FOR ALDERMAN

Emmett W. Streetman is a candidate for the nomination for Alderman, subject to the City Democratic Primary election to be held on Tuesday, February 3.

In announcing for the office Mr. Streetman said he was responding to the solicitation of a large number of friends and in making the race wished to state that he favors a policy of getting something for the tax money.

If elected, Mr. Streetman said he would work for a restricted budget, to bring expenses within the income of the city plus a cut back to a surplus so that the city can go ahead if it elects, and get some needed public improvements.

To effect these economies, Mr. Streetman said, it would be necessary to cut out some of the present expenditures and to get the city out of debt in order to be able to talk (turn to page six)

IMPORTANT ISSUES TO BE SETTLED IN 1948

AUSTIN, Jan. 1.—Poll tax payments will start with a rush in Texas this month because 1948 is a big political year, and in Texas you can't vote without paying poll tax.

Of course there are exceptions but for the ordinary run of citizen, it is pay your poll tax or lose your vote. The exceptions are for people over 60 years of age and those who become 21 years of age between Jan. 1 and the 1948 elections. There are exemptions, too, for physically handicapped persons and those who render a state service like National Guardsmen.

Strangely, the poll tax is one tax that the people do not want to abolish. For years there have been movements to abolish the poll tax but they never have gained great popularity among Texans. One of

the reasons is that the State poll tax of \$1 is dedicated to schools and no one seems to want to take that money away from the schools.

How far Negro voting enters into the situation is a matter of dispute. Failure to pay poll tax undoubtedly has deprived many Negroes of the right to vote, but the poll tax payment was not aimed at Negroes when it was put into the State law.

It was directed instead at political machines that were accused of voting dead men and repeaters.

The exclusion from participating in election was, at least ostensibly, for the purpose of enforcing collection of the tax.

Last day to pay the tax and retain the right to vote is Jan. 31.

The poll tax lists take the place of the voters registry lists used in many States, but there is nothing on the poll tax to indicate party affiliation. By March 10 the county tax collectors are required to furnish the county clerk a statement of the number of receipts issued, and by March

31 he must deliver the poll tax list of voters to the election officers.

In 1948 politics will start earlier than usual in the convention stage. That's because it is a "Presidential election year" and delegates must be named to the party nominating conventions.

Precinct conventions will be held May 1, county conventions May 10, and the State convention to name delegates to the national convention on May 25. This convention for the Democratic Party will be in Brownwood.

Beside voting for officials, Texans will vote Nov. 2 on a number of proposed amendments to the State Constitution.

These are:

Creation of a re-districting Commission.

Fixing succession to the Governor's office.

Abolishing State ad valorem tax for general purposes.

Extending homestead tax exemption to all State-levied taxes.

Providing a judges' retirement system.

Authorizing voluntary division of community property by a husband and wife.

Adding additional officers to those paid on a salary basis in lieu of fees.

Permitting counties to carry workmen's compensation insurances for county workers.

Yoemen Drop Opener In Basketball To The Taylor Ducks Tuesday

The Cameron Yoemen found the Taylor Ducks a little too far advanced in basketball skill and lost the opening game of the season at Taylor Tuesday night by a score of 33 to 28. The Yoemen fought the last year's district champions all the way in what turned out to be quite a thriller.

The Yoemen gave the Ducks a big scare in the closing minutes of the game when they put on a tremendous rally which almost upset Taylor's big lead. This was enough encouragement to lead the Yoemen to believe they have a chance at the district title.

The Yoemen go to Rosebud Friday to enter an invitation tournament. The first game will be with the strong Marlin Bulldogs. Fans will be watching this one with great interest in order to get further indications of the teams potential strength. This game will begin at 8:00 p. m.

PRESIDENT TRUMAN IS FOR IMMEDIATE RELIEF

Lower income taxes for small earners is the goal set by President Truman in his message to congress on Wednesday.

The President asked for across the board \$40 cut for every income tax payer and dependents to apply on current taxes due in March and for higher taxes on corporate profits to offset the 3 billion 2 hundred millions to be saved to individuals.

Mr. Truman called for continued aid to agriculture and for rent controls. He asked for some form of compulsory military training.

The Republicans, advocating tax cuts, have elected to advance their own program and assailed the President for what they termed a political campaign document.

The President called for a basic wage increase from 40c to 75c per hour. He said that farmers with a 1946 average income of \$779 should be allowed to approach the \$1288 average of non-farm workers.

Many who heard Mr. Truman found an echo of Franklin D. Roosevelt's famous speeches in his declaration "the youth of our nation are handicapped when millions of them live in city slums and country shacks."

Happy Storey is among the patients in the Newton Memorial Hospital.

Youth Delegates Tell Rotarians Of Cleveland Meeting

Frances Way and Albert McCullin, Jr., recent delegates to the Methodist Youth Conference in Cleveland, Ohio, gave the program at Rotary Wednesday.

Lee Lemons, pastor of First Methodist Church, sponsored the program.

Albert told about his impressions of the conference and the objectives being sought by the movement and received fine applause for a very fine talk. Miss Way in a detailed impression of the program of the conference told about the fine spirit of co-operation of the young people, thousands of them in a union of thought and purpose. The convention program was one of lasting inspiration, she said.

Lee Johnson Case Is Affirmed By Court

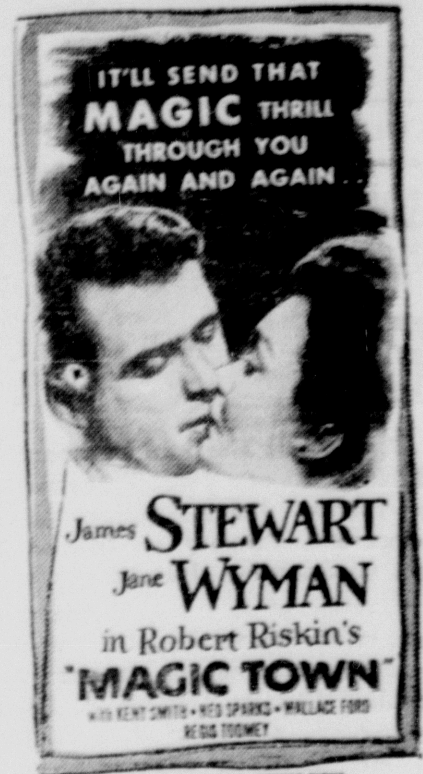

The Court of Criminal Appeals has affirmed the conviction of Lee Johnson of Cameron who was given a prison sentence in district court here in 1947.

Johnson was convicted growing out of charges filed against him at a night club near Milano when a man and woman seated in a car were wounded.

County Attorney Bill Morrison is presenting the argument before the

Court of Criminal Appeals cited three cases which were previously affirmed by the court and the decision of the court was reached based upon the contention of Mr. Morrison.

Johnson will now have to serve the sentence imposed by the court.

Ranch House

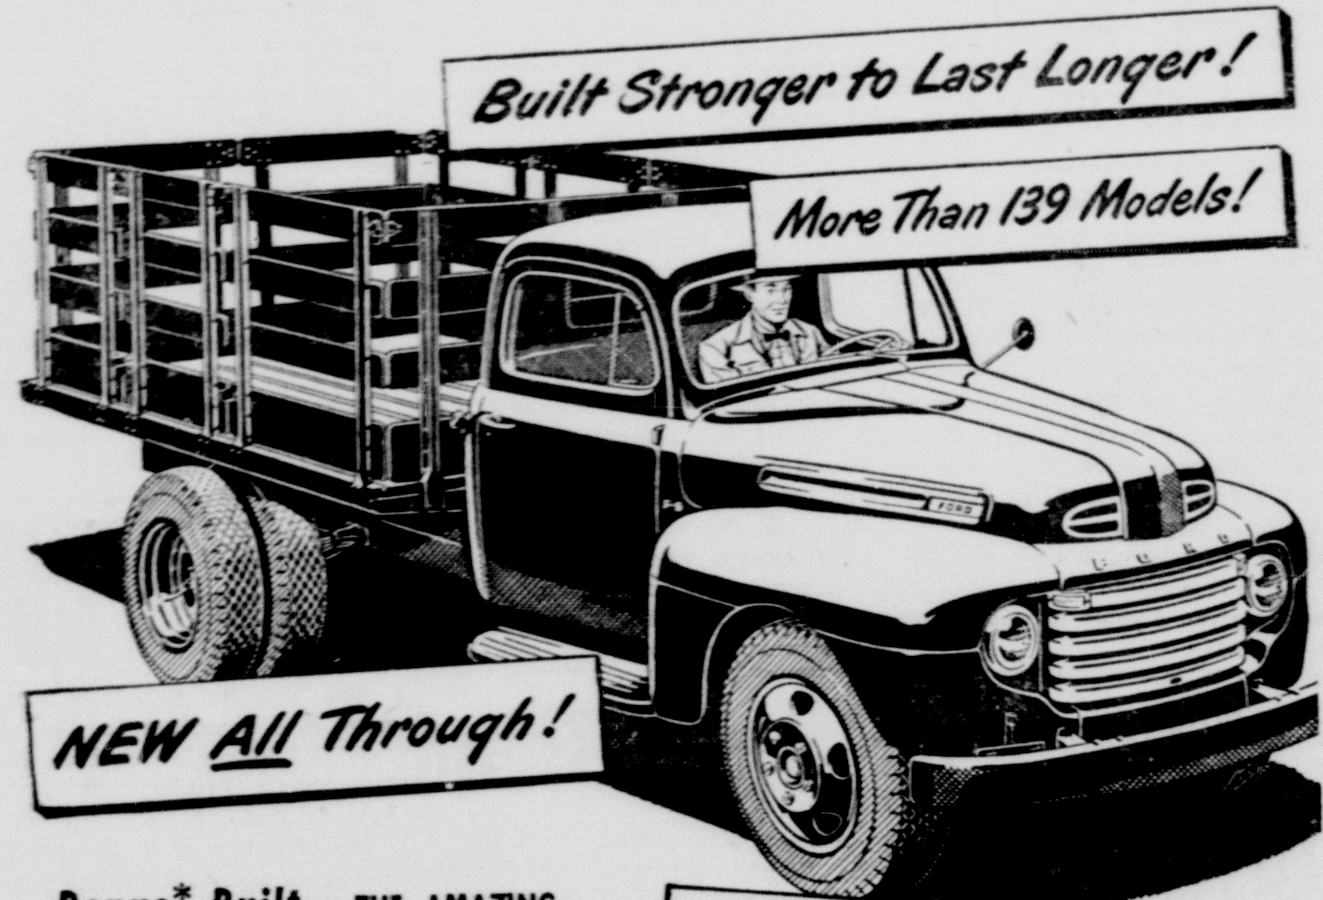

The low pitched roof and entrance patio of this U-shaped home is characteristic of the southwest. However, in recent years homes of this type have been spreading over the entire country and popularly called "Ranch Houses". The inviting appearance and domestic quality of this home is very favorable and when combined with convenient living features the scheme for living is complete. Note that arrangements have been made for adding a third bedroom in the plan. It comprises 1170 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for \$2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for \$5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

Brand NEW for '48 FORD Bonus Built TRUCKS

Bonus* Built — THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE . . . and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 is **Bonus Built** . . . designed and built with extra strength in every vital part! But that's only part of this vital truck engineering principle . . .

This extra strength provides WORK RESERVES that pay off for truck operators in two important ways:

● FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!

● SECOND, those same WORK RESERVES permit Ford Trucks to relax on the job . . . to do their jobs easier, with less strain and less wear. Thus, Ford Trucks last longer because they work easier!

Yes, Ford Trucks for '48 are **Bonus Built** . . . built stronger to last longer! That's why they give their owners wider use and longer life! That's why life insurance experts can certify proof that Ford Trucks last up to 19.6%

Only the New Ford Bonus Built Trucks Give You All These Big Advancements!

NEW! 3 New Engines . . . up to 145 h.p.! Brand new Six . . . 2 brand new V-8's! Packed with advancements that give you real performance! Proved Ford reliability and thrift!

NEW! 2 New Big Jobs . . . Biggest Ford Trucks in history! Gross vehicle weight rating up to 21,500 pounds! 145 h.p. engine! 5-speed transmission! They're rugged; they're something!

NEW! Million Dollar Cab . . . Living Room Comfort! New coach-type seat. More headroom, legroom, elbowroom! Picture-window visibility. New exclusive Level Action cab suspension.

NEW! New frames, axles, brakes, steering! Built stronger to give your Ford Trucks even longer life! These new Ford Trucks for '48 are really new all through!

ONLY FORD TRUCKS ARE BONUS BUILT FOR WIDER USE, LONGER LIFE!

longer. That's why the record shows there are more Ford Trucks in use today than any other make. Let us show you the revolutionary new Ford **Bonus Built** Trucks today!

Take time to save time

Have you ever mapped—with pins and thread, or with pencil on paper—the daily "chore route" of your farm or ranch? Have you figured how much back-tracking you do, how many unnecessary extra steps you walk in a day? Have you taken time to save time, and steps, and labor?

A number of agricultural colleges and experiment stations have made practical work studies on farms and ranches, with some astounding results. For example, one dairy farmer (who thought himself pretty efficient) adopted improved machine milking techniques, rearranged his barn to save steps and time in feeding and watering. He saved himself two miles of walking per day, cut his daily chore time by two hours and five minutes. That's 730 miles of walking and 760 hours of work in a year. In making the changes, he spent less than \$50.

Indiana tells of farmers who, by planning their work, are raising hogs with one quarter their former hours of labor. . . . There's a report of men making hay in 90 man-minutes per ton; while others using similar equipment—but older, harder ways of working—spend twice that time. . . . There are scores of other examples.

Perhaps you cannot make such great savings in your operations. Maybe you can make more. It's certainly worth looking into, for even little savings are important. Five steps saved a day makes a mile in a year. Five minutes a day gives you three extra days a year.

There's no master plan to fit every farm and ranch, because no two are exactly the same. You have to work out your own plan of improvement. But the time it takes may well be the most profitable time you've ever spent.

A four-step scheme is suggested. First, consider each job or chore separately. Break it down into its parts. Check each part with a watch or tape measure and see if steps or time can be saved. Second, compare your work methods with those of your neighbors. Third, examine and check the details of your work methods. Fourth, develop and apply the new method. In a nutshell, "Plan your work and work your plan."

Time studies and job analysis have helped Swift & Company increase efficiency and make important savings. That's why we so confidently suggest similar studies in your operations. One excellent bulletin on the subject is Number 307, published by Purdue University, Lafayette, Indiana. It's interesting reading and well worth writing for. Your county agent or state agricultural college can tell of other bulletins on the same subject.

The American Way

In the livestock-meat industry, as in all American business, profit provides the basic incentive for work, enterprise and action. Profit makes the mare go for livestock producers, meat packers and retailers. Too little profit by

one section creates an imbalance in the industry. If one part of the livestock-meat industry suffers continued loss, all of us are hurt in the long run.

However, a margin of profit fair to one section of the livestock-meat industry might be quite unfair to another. For instance, we at Swift & Company know perfectly well that both livestock producers and retailers require a higher margin of profit, because of their relatively small volume. On the other hand, nationwide meat packers must build up a tremendous volume of sales to make up for a very small margin of profit per unit—a margin that has been consistently lower than that earned by any other manufacturing industry in America.

Over a period of years, Swift & Company has earned, on the average, less than two cents on each dollar of sales (a fraction of a cent per pound of product handled). Over the same period, the average amount returned to producers for agricultural raw materials, including livestock, wool and hides, has been 75 cents out of each dollar we received. This is not a profit. Out of this 75 cents producers must pay the cost of production.

Whether livestock prices are high or low or whether meat is high-priced or inexpensive—Swift & Company can earn a reasonable profit only by adding together many tiny savings on a large volume of business.

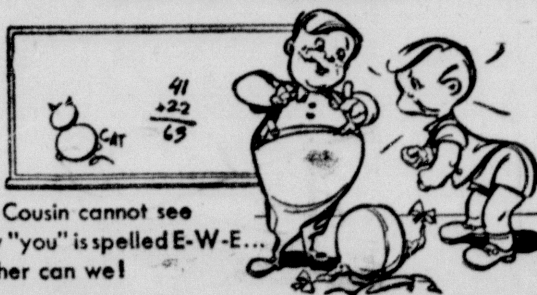

W. J. Stewart
Vice-President, Swift & Company

Martha Logan's Recipe for HAM LOAF

¾ pound ground ham
1½ pound ground fresh pork
2 eggs
1 cup dry bread crumbs
1 teaspoon salt
¼ teaspoon pepper
1 cup milk
½ cup brown sugar
1 tablespoon dry mustard
2 tablespoons vinegar
Beat eggs. Combine meats, eggs, crumbs, salt, pepper, and milk. Mix thoroughly. Form into loaf in 8¼ x 4¼ x 2¼ inch loaf pan. Combine sugar, mustard, and vinegar. Spread over meat. Bake in a moderate oven (350° F.) 1 hour, or until meat has reached an internal temperature of 185° F. (Yield: One 8¼ x 4¼ x 2¼ inch loaf)

OUR CITY COUSIN

City Cousin cannot see Why "you" is spelled E-W-E- Neither can we!

Farmer's Choice—When I was in high school, I spent a summer vacation on my grandfather's farm in Indiana. From my city-bred standpoint, his seemed a particularly dull and unrewarding life. Rising before dawn and working till after dusk, with little or no opportunity for urban pleasures, he was an object of pity to my adolescent eye. Why didn't he sell his farm and move to town? How did he ever get into this rut in the first place? "Grandpa," I asked one evening at milking time, "Why did you become a farmer, anyway?"

He paused a moment, leaned back on his stool and looked slowly around the barn—at the livestock, at the huge haymow in the east corner, at the farm tools, at the broad beams that supported the roof. What he saw seemed to reassure him, and I shan't forget his answer: "Just lucky, I guess."

OUR TOWN—
(Continued from page one)
not blame the Chairman or the Committee for they acted in good faith with their responsibilities and all are fine gentlemen doing a good job. In the face of the question which I was certain would be raised they acted on the only authority they now have and so ended my brief aspirations to do a job. I was not concerned about the political implications of the office. I only saw a job to be done and was willing to take on the work only if these objectives could be reached.
I had hoped as I have hoped for years that somewhere a party function would set up a precedent in the direction of self government. I know that in time political parties will come to a point of setting up their own regulations and quit trying to measure candidates by the standard of laws enacted by the legislature. In fact we may some day get around to abandoning the primary because it is both expensive and useless in this modern day.
The Supreme Court of the United States in a decision in October 1943 held in effect that the Legislature

was in error in enacting laws to govern political primaries; that in so doing the state became a part of a political party. At the time the reaction was terrific but it was only a few days until the whole system gravitated back to the statutes and so we continue to have politics by law in Texas.
I have no doubt but that it is entirely proper that political party systems set up their own regulations for nominations without reference to statutes and until such a policy is established we shall have discrimination and technicalities.
A man may fight and bleed in defense of his country at war but if he does not have the money to spare to buy a poll tax he is not a citizen and has no voice in his government. I have faith in the ultimate establishment of good old common sense.

STREETMAN—
(Continued from page one)
about improvements. He said he believes that tax money when spent should have something to show for. He recognizes that there are certain minimum expenses that must be taken care of and will co-operate in every way to give the city a good and economical administration.
Mr. Streetman advocated a memorial building before the Legion some 3 years ago and believes that Cameron can and should have a modern municipal building to house all the city and community activities and to provide a good home and headquarters for the Firemen and for Veterans organizations. He thinks the city should have a library and other cultural things along with a lot more civic pride.
Mr. Streetman has been prominent here as a Legionaire, now being a past Post Commander of the Legion Post, Past Commander of the Veterans of Foreign Wars, Past Division Commander of the American Legion and for two years a member of the State Executive Committee for the Legion. Mr. Streetman is a member of the Milam County Democratic Executive Committee and a member of the Cameron Fire Department.
He has never been a candidate for public office. He greatly appreciates the offers of support and thanks his friends and pledges himself to do everything possible to see that the city administration gives the tax payers value received for every dollar spent.
Mr. Streetman says he is a candidate for the place vacated by B. F. Reichert.
Your vote and support will be greatly appreciated.
Mrs. Dave King, of Keystone, West Va., has concluded a two weeks visit here with Mrs. Felix Matula, Sr.

THIRSTY OR NOT

Telephone preview for 1948

As we enter 1948, the 50,000 telephone people in the Southwest are continuing to work hard to make telephone service better than ever and to get service to people waiting. Here is what we think 1948 will bring:

INSTALLATIONS
Shortages of switchboards, cable, and wire continue, but we were able to install 460,000 new telephones last year for a net gain of 295,000. This year we expect to equal or better that total.

CONSTRUCTION
Dollars spent on construction last year came to 115 million, close to three times as much as in any prewar year. In 1948, the job will take even more money—150 million dollars! That will buy new buildings, switchboards, cable, wire, and other things needed to supply more and better telephone service

DEMAND
Demand for telephones continues at 50,000 a month. New orders keep the waiting list long, but it is smaller now than a year ago. About 200,000 persons in the 700 exchanges we serve are now waiting for service, but 3 out of 4 of them applied in 1947.

LONG DISTANCE
Improvements in long distance service are coming in 1948 as we add more miles of wire needed to handle calls. Some 50,000 miles of circuits were added in 1947. We expect to double that total in 1948

SERVICE
Telephone service will grow better as more switchboard equipment brings relief from the extra-heavy loads now being carried. More than 18 million calls a day were made in the Southwest during 1947. This is well over a million more than the previous year, and a new record. The trend is upward for 1948.

RURAL SERVICE
We connected 50,000 more rural telephones last year. Our large-scale program to bring telephone service to more farms will continue in 1948. We hope to be serving 260,000 telephones in rural areas by the end of this year, nearly twice as many as at the start of 1946.

We worked hard to do what we did in 1947. We've still got an uphill job. We'll be doing the best we can to put in more telephones and further improve telephone service during 1948.

SOUTHWESTERN BELL TELEPHONE CO.

Mrs. Lee Roy Orsag
Is Given Party
Mrs. Lee Roy Orsag was complimented with a surprise birthday dinner at her home, Sunday, January 11.
Those who prepared and brought the dinner were: Mr. and Mrs. Louis Dinker, Mrs. Roman and son, Joe, Jr., Mr. and Mrs. Frank Jekel and children, Dwayne and Janet, Mr. and Mrs. Conrad Jekel, Jr., and daughter, Lillie Ann and the honoree's husband, Joe Orsag was present.

Mrs. Rudolph Richter
Hostess to St. Rita
Circle January 7th
Mrs. Rudolph Richter was hostess to the St. Rita Circle at her home, January 7, with Mrs. Frank Polansky as co-hostess.
One new member, Mrs. Lincoln Mondrik, was welcomed into the Circle. Twenty-two members and two visitors were present. Mrs. John Sutter and Mrs. Joe Schrieber.
During the business session a 42 party was planned, after which refreshments of cherry cake and coffee were served. The next meeting will be held at the home of Mrs. B. J. Matocha, who will serve as hostess with Mrs. Bill Michalka as co-hostess.

Frank Ermis of Buckholts is ill and a patient in the Newton Memorial Hospital. Friends will be glad to know he is improving.

Mrs. R. L. Batte, Sr., has returned from Galveston where she has been several days in a hospital, and is much improved.

Fresh hulls and meal and at right prices. Cameron Cotton Oil Company.

Printing is a home industry.

August Kunz Will
Run For Re-Election
As Alderman Here
August G. Kunz, Alderman, will be a candidate to succeed himself in the office in the February 3 primary election.
Mr. Kunz requested publication of this preliminary announcement that he will offer again for the place and said that he would make a statement for next weeks publication.
In the meantime he asks his friends to lend their support to his candidacy.

Caroline Brashear
Has Birthday Party
Mrs. J. C. Brashear, Jr., entertained Saturday afternoon honoring her small daughter, Caroline Jean, on the anniversary of her third birthday.
A number of little tots were present and enjoyed the games and the birthday cake that bore the three burning candles. Most of the children were accompanied by their mothers. Caroline received many pretty gifts.
Henry Dryer made a business trip to Houston over the past week end.

Belmena Couple Are Honored On Golden Wedding Anniversary

Mr. and Mrs. M. B. Shuffield of Belmena celebrated their Golden Wedding Anniversary with open house on December 12, 1947.

Approximately fifty guests called during the afternoon and evening. Many beautiful and useful gifts were received. Also numbers of cards and congratulations came from a wide area over the state.

Interesting conversation was enjoyed and Mr. Shuffield entertained with the guests by playing his fiddle.

Mrs. Eula Shuffield, daughter of the honorees and Mrs. Coy Shuffield offered coffee or punch served with cake and Mrs. Bentley Dodson opened the gifts and passed them for the guests to see.

In connection with the celebration Mr. and Mrs. Shuffield were happy to have a letter from A. L. Reaves, District Clerk of Polk County, writer from Livingston, Texas. He recalls old times in the community where Mr. and Mrs. Shuffield were reared.

Mr. Reaves says in part: "No doubt you have forgotten me, but I lived on your father's farm one year, and too I am sure you have forgotten the trip to Sugar Loaf Mountain with me and my wife on a black berry picking. We put the berries up there in camp and we got quite a lot of them."

"My sister, Mrs. Frank Sherrill sent me the paper with your announcement of the Golden Wedding and of course I would not have known you by the pictures as it has been so long since I saw you. I was at your store on September 1 this year but you were not at home."

"We were both young men in those days but now we are both getting up in years. I was 75 on July 22 but am going very strong, says Mr. Reaves. He says he has been District Clerk 13 years and will run again this year."

The letter written on December 18 congratulates Mr. and Mrs. Shuffield and wished for them many more happy birthday celebrations and a Merry Christmas and a Happy New Year.

Celebrate Eleventh Birthday on January 3

Billie Rue and Bobbie Sue, twin daughters of Mr. and Mrs. Alfred Price celebrated their eleventh birthday with a party, at the home of their parents, January 3, 1948.

The home was decorated in festive Christmas colors, with the central attraction being the birthday cake topped by eleven candles.

A number of games were played after which the following guests were served refreshments of birthday cake, candy and orange soda water: Nadine Conner, Marie Hearne, Barbara Faye McDonald, Gloria Weems, Pat Stufflebeme, Faye Baldrige, Nan Hubert, Nancy Grabein, Gere Bradbury and Ann Wimberly.

After refreshments the group enjoyed a theatre party.

Miss Joy Rice Bride Of James Walker; To Make Home In Milano

Miss Joy Rice became the bride of James Walker in the home of Dr. Cleo McChristy of Brownwood, Friday at 5 p. m. December 26, 1947. Dr. James M. Bradford, pastor of the First Baptist church in Lufkin officiated at the ceremony.

Mrs. Frances Ritchie of Temple was matron-of-honor and Charles Bouldin of Cisco was best man. Mrs. James Armstead Rice of Comanche played the traditional wedding march and Schubert's "Serenade" during the ceremony.

The bride was dressed in a navy faille suit with navy accessories and white hat. She carried a hand bouquet over a white Bible. She is a graduate of Brownwood High School, attended Howard Payne College two years, and was a graduate from TSCW, Denton. For the past three years she has been teaching home economics at Yoe High School. Mr. Walker is a graduate of Milano high school, attended Texas A&M and served two years in Europe during the war. He is in business in Milano, where they will make their home. He is the son of Mr. and Mrs. H. L. Walker of Milano.

Why pay more for hulls and meal? Buy them for less at Cameron Cotton Oil Company.

Mr. and Mrs. Ralph Hughes of Navasota are visitors in the home of Mr. and Mrs. W. C. Allen.

Mrs. Alva Sanders left Cameron this week by train to visit her father who is ill at his home in San Bernardino, California.

Dorothy Jane Harrell Clyde Wofford Neal Are Married Dec. 21

Miss Dorothy Jane Harrell, daughter of Mrs. S. M. Harrell of Jones Prairie and Clyde Wofford Neal, son of Mr. and Mrs. Clyde Neal of Houston were married in the home of the bride's mother at Jones Prairie.

Rev. Donald Rose, pastor of the Little River Baptist church, performed the double ring ceremony, December 21, 1947 at two o'clock in the living room. Mrs. Bennye McGlothlin of Abilene played the wedding march from Lohengrin.

The bride given in marriage by her uncle, Giles P. Lester of Waco, was dressed in a pink wool ballerina suit, a small pink hat with a starched brown veil and an orchid corsage, pinned on with a diamond brooch belonging to her mother. Matron of Honor was the bride's sister, Mrs. Dick Young. She was dressed in blue matching suit and a pink carnation corsage. The groom, was attended by his cousin, J. W. Kuhn of Houston.

Following the wedding a reception was held with Mrs. J. R. Young, Mrs. John Layne Baskin, and Miss Evelyn Harrell, as members of the house party. A three tiered white wedding cake topped with miniature bride and groom rested on a crystal tray

circled with baby mums. Refreshments of coffee and tea were offered to the following guests: Mr. and Mrs. Walter Harrell, Mr. and Mrs. Harlan Lester and Barbara, Mr. and Mrs. Wesley Majors all of Waco. Mr. and Mrs. Dean Henderson, Vincent Bowen, Ed Shannon, Bill Richards and C. D. Wilburn all of Austin; Mr. and Mrs. Ray Morden, Mrs. Albert Hoffman, J. W. Kuhn, Mr. and Mrs. Clyde Neal and Arthur Neal of Houston; Mr. and Mrs. C. W. Wofford of Ft. Worth Mr. and Mrs. A. C. Akridge of Thorndale, Mr. and Mrs. Bennie McGlothlin of Abilene, Mr. and Mrs. L. R. Buttrill of Temple, Mr. and Mrs. J. K. Lester and Ann Lester of Houston; Judge and Mrs. Giles P. Lester of Waco; Mrs. Grover Stubbs of Rosebud; Mrs. Stewart Williams of Gatesville; Mr. and Mrs. Jess Kuhn of Runge and many from Cameron and Jones Prairie.

Mrs. Neal is a graduate of Yoe High School and received her BBA degree from the University of Texas. She taught business administration at the High School here and at Waco, and at the time of her marriage was a member of the school faculty at Abilene. Mr. Neal is a veteran of World War II and has a BA degree from the University of Texas, and is now studying law there.

After a wedding trip the couple are making their home in Austin.

You can get as good hulls as there are in the world at Cameron Cotton Oil Company.

Mrs. P. F. Yarbrough Hostess to Happy Time Forty-Two Club Here

Mrs. P. F. Yarbrough was hostess to the Happy Time 42 Club, at her home, January 8.

High score was won by Mrs. L. F. Slama and low was won by Mrs. Alice Pfardrescher, with Mrs. Inez Argell winning 84.

Visitors who attended the meeting were: Mrs. Jim Crouch, L. F. Slama, Mrs. J. J. Martin and Mrs. Alice Pfardrescher.

Refreshments of open-face sandwiches, pickles, cheese, coffee etc. were served.

The next meeting will be held at the home of H. C. Tindall on January 22.

Milano Couple Honored On 50th Wedding Date At Home January 11

Complimenting Mr. and Mrs. L. B. Dukes on their fiftieth wedding anniversary, Miss Gertrude Jones Dukes, Mesdames V. W. Brooks, W. F. Hooker and S. W. Taylor as joint hostesses held open house at the S. W. Taylor home in Milano from 3 to 5 p. m. Sunday, January 11, 1948.

As the guests arrived they were greeted by the hostesses and presented to the bride and groom.

The gold theme emphasized by gold covered containers of cushion mums

THE CAMERON HERALD

JANUARY 15, 1948

and giant Pom-Pom mums of golden hue placed at vantage points in the living room, and by a table piled high with gold wrapped gifts.

Miss Gertrude Dukes presided at the guest table which was adorned by two gold containers of golden berries and greenery.

After registering the guests were invited to the dining room where mesdames, Jack Wilkerson, J. D. Peeples, Jr., W. F. Hooker and V. W. Brooks served punch and cake.

The dining table was laid with an ecru lace cloth over gold, centered by a low crystal bowl of oranges and flanked by crystal candle holders holding gold colored candles.

At one end of the table was a lovely cake embossed in gold and white bearing the inscription "50th anniversary", and topped by a golden bell. At the other end of the table was the punch bowl of golden hued fruit punch.

The buffet was laid with a lace scarf over gold, centered with a crystal bowl of cushion mums and flanked by candle holders with golden candles.

Fifty people called to pay their respect to this popular couple who have given their help and support throughout the years to our town and county. Telegrams of congratulations and gifts were received from several out of town people who were unable to attend.

Numerous beautiful gifts were re-

ceived, which along with the courtesy of the reception that was kept secret from the couple until a few minutes before their arrival at the home, will be an unending source of joy to them throughout the remainder of their lives.

Guests from Amarillo, Lubbock, Cameron, Rockdale, Thorndale and Minerva called during the afternoon.

Adele Fikes Becomes Bride Le Roy Lawrence

Adele Fikes and Le Roy Lawrence were married January 8 in Judge Dan Tyson's office. Mrs. Lawrence is the daughter of Mr. and Mrs. John Kamenicky and a graduate of Yoe High School. She is now employed with the Milam Drug Co. here. Mr. Lawrence is the son of Mr. and Mrs. J. D. McLane of Cameron and is employed with the Lone Star Gas Co. He is a veteran of world War II and served six years in the army.

Mr. and Mrs. Robert Riddle are the proud parents of an eight pound four ounce daughter born at the St. Edwards Hospital, January 9. The baby has been named, Patsy Kay. Mrs. Riddle is the former Mildred Pate. The Grandparents are Mrs. Myrtle Riddle and Mr. and Mrs. Bill Pate of Cameron.

Mr. and Mrs. Edwin Lehman of Temple spent Sunday in the home of Mr. and Mrs. Joe Ulienik.

Burlington Boys To Exhibit Livestock at Houston Exposition

The city of Burlington will be well represented at the 1948 Houston Fat Stock Show and Livestock Exposition which opens January 31 and continues through February 15 at Sam Houston Coliseum when the 16-day program will be packed with outstanding livestock exhibitions, rodeo thrills, and other colorful educational and entertainment features.

With more than 7500 head of prize stock expected, and \$80,000 appro-

riated for this phase, the livestock exposition will surpass that of any previous year. For the first time in the 15-year history of this gigantic South Western enterprise, the livestock exhibitions will not be held simultaneously. The market show will be held for the first week, and the breeding show, the second week.

Fat Stock Show officials report that Burlington exhibitors and entries tabulated thus far includes the following:

Boys' Livestock Show: Leo Helpert, on fat steer, and Leroy Goeke, fine Duroc Jerseys.

"It won't be long now—we just got our first certificate for the big Family Sweepstakes in the Pepsi-Cola 'Treasure Top' Contests!"

- Look for hidden design under the cork in every Pepsi-Cola bottle top.

New power for your BUICK!

**Today's Power, Today's Performance,
Today's Zip - for Buicks
up to Ten Years Old!**

MAYBE this sounds too good to be true. But it's a fact!

Even if your Buick dates back as far as 1937, you can have a hoodful of factory-fresh Fireball power—a sleek new power plant that's the same as the engines going into the latest Buick cars.

Everything about it is brand-new. A new carburetor and air cleaner help make every drop of fuel give up all its power. A new distributor, complete with vacuum and centrifugal advance, puts new snap in your get-away and new pep in all driving. A whole new wiring harness prevents electrical loss. And tucked in the flywheel housing is a new smoothie of a clutch that'll make driving more fun than ever.

Yes, it's all new, with the latest Buick engine features you read about—like precision cylinder boring, Oil-Miser rings, Stratoflow cooling and so on.

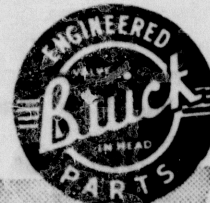

You can get a new engine like this because engine production is not held back by the shortage of sheet steel which limits complete-car production.

So we're able to put one of these

honey into your car and make it young again—give it new power and performance that will get you set for thousands and thousands more carefree miles.

How much does it cost? Not nearly what you'd expect—often less than a comprehensive overhaul. And it's a mighty good investment because it makes your car worth so much more when it comes time to turn it in.

Nice proposition, isn't it? Surely worth talking over. Won't you come in and let us give you all the details?

Is Senate Candidate

GEORGE E. B. PEDDY

WORLD PEACE IS PEDDY SENATORIAL PLATFORM

Declaring that world peace is the abiding problem affecting the future of every Texan and American, George E. B. Peddy, Houston attorney, veteran of both World Wars, with three years overseas service, and an authority on international affairs, today announced his candidacy for the U. S. Senate in this coming summer's primaries.

The 55-year-old Peddy will make the race based on a 6-point program, as follows:

1. World Peace.
2. Universal Military training.
3. Halting inflation.
4. Reduction of government spending.
5. Clearing the state's rights to the tidelands.
6. Proper care of the disabled war veterans and adequate housing for veterans and others.

This is the second time Peddy has run for the U. S. Senate. In 1922 he was drafted by anti-Ku Klux Klan Democrats to lead a write-in ticket in the General Election and, although defeated, received the surprising total of 140,000 write-in votes.

Peddy, who was born and reared on a small farm in Shelby County and graduated from the University of Texas Law School in 1922, served in the 35th State Legislature in 1917, was assistant criminal district attorney in Harris County in 1920-22 and special assistant United States attorney in 1923-25.

"World peace is far more important to the people of Texas and America than any other issue, domestic or foreign," said Peddy. "Each proposal must stand one test: 'Will it promote world peace?' Political leaders must explain to the American mothers and fathers that a little sacrifice now is the best assurance that they can have that their sons will not have to fight, perhaps die, in another war. We must accept the responsibility for world leadership. Referring to his previous race for the U. S. Senate, Peddy said, 'I oppose the Klax on principle. Should the issue arise again, my stand would be the same. Many people who opposed me in the fight are supporting me now. I make no apology for that fight but I want the people to know all there is to know about me and my past record.'"

Peddy, who spent 29 months overseas in World War II, is unreservedly in favor of the aid to Europe along the lines suggested in the Marshall plan.

"However, I have no hope for the Marshall plan or any other plan unless America quickly convinces the world that she means to remain strong in military power until a workable United Nations takes over the laboring oar for world peace. I believe she can best do this by adopting universal military training."

CHRISTIAN SCIENCE SERVICES

"Life is the subject of the Lesson-Sermon which will be read by the Cameron Christian Science reading group on Sunday, January 18 at 11 a. m. in the Business and Professional Women's Club room, old school building. The public is cordially invited to attend these services.

The Golden Text is: "Seek good, and not evil, that ye may live: and so the Lord, the God of hosts, shall be with you, as ye have spoken" (Amos 5:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For he that will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile" (1 Peter 3:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Life and goodness are immortal. Let us then shape our views of existence into loveliness, freshness, and continuity, rather than into age and blight" (page 246).

Phone your news items to 282.

RAT PROOF BUILDINGS IS HEALTH GOAL HERE

Judging from laws and Ordinances of recent vintage, Cameron, the state of Texas, and even the entire Nation, have become more "Rat conscious" during the past three or four years than ever before in history, and the wholesale movement for elimination of these disease-carrying rodents is gaining momentum right here in the seat of Milam county.

Rats usually are associated with Typhus fever, but tests have shown that they also carry and distribute more than a dozen other diseases. Some of these are Bubonic plague, Murine Typhus Fever, infectious Jaundis, rat-bite fever, meningitis trichinosis, rabies, amoebic dysentery, food poisoning, poliomyelitis, chronic eczema, rocky mountain spotted fever, and all gastro-intestinal diseases.

Work currently being started in Cameron is for the purpose of helping the owners of public buildings to comply with state and city laws recently passed concerning the rat stoppage and eradication of rats, in all business buildings, any business building in the city can be rat-proofed, and we guarantee the work.

The work to be done consists mainly in the treating of doors, windows, pipes, wires, down spouts, sky-lights, chimneys, and all other exterior openings accessible to rats. The materials used in this work is of a permanent nature such as galvanized sheet metal 24 gauge, galvanized hardware cloth 19 gauge, rust resistant screws, and cement. All work will be done as near as possible to the actual cost of labor and material as can be figured, the supervision on the program will be furnished free to the city by the State.

It is the desire of the state supervisor assigned here to solicit the cooperation of every person in the city of Cameron, in this campaign to eliminate the rat hazard which now exists here, I ask this from the health stand point not to mention the economical value. Rats destroy thousands of dollars worth of food every year here in your city.

Some of you may have your doubts as to the benefits derived from the program if so I sincerely urge you to ask some of your neighboring towns that have had this program for some time as to the benefits they received, there is not less than 50 such towns in your state at the present.

With these few facts about our program, I wish to say I am glad to have the opportunity to serve the people of Cameron in this badly needed manner. I will be asking your help from time to time during my stay here.

JAMES S. BURWELL,
Supervisor.

Mr. and Mrs. L. G. Schiller announce the arrival of a son, John Clifford born at St. Edwards Hospital, January 7, 1948 at 1 a. m. Mrs. Schiller will be remembered as Ella Lange. The grand parents are, Mr. John Schiller of Buckholts and Mr. and Mrs. Paul Lange of Rosebud.

Mrs. R. C. Fikes of Cameron is a patient in the Newton Memorial Hospital.

Mrs. J. W. Harris and two children of Marquez spent Sunday in the home of Mrs. Walter Harris and Vernie.

Chicago Cards Coach Visits Dick Young

Buddy Parker, backfield coach for the Chicago Cardinals, national professional football champions, was a week end visitor in the home of Dick Young in Cameron.

Parker and Young are old cronies on the gridiron, both playing football together in their college days at Centenary where Dick Young was a celebrated lineman, playing center

and Parker a back.

Parker's home is at Kemp, Texas. With him was Lee Mitchell, high school coach at Athens. Parker has been a frequent guest of Mr. Young for hunting parties in the fall.

Charles Burnett, son of Mr. and Mrs. W. B. Burnett of Jones Prairie is a patient in the Newton Memorial Hospital.

J. J. Janicek of Buckholts was a visitor in Cameron this week.

NEW FORD TRUCKS ON DISPLAY IN CAMERON

Three new power plants have been announced by the Ford Motor Company for the 1948 trucks, viewed for the first time today in the showrooms of Ford dealers throughout the country.

The new trucks are now being shown at the Hefley-Stedman Motor Company in Cameron.

These engines are the Rouge 226,

a completely new six-cylinder, 95-horsepower truck engine; the Rouge 239, an improved V-8 100-horsepower engine, and the Rouge 337, a new heavy duty V-8 power plant developing more than 145 horsepower for the largest trucks ever built by Ford.

All engines have heavy-duty oil bath air cleaners, pressure-sealed cooling systems, and new weather-proofed ignition systems with automatic spark control which is regulated by engine load and speed.

The three engines also have new distributors and wiring, convenient-

ly located for easy servicing. Valve springs are shot-blasted and rust-proofed. The valve seat inserts are of hard molybdenum chrome alloy. The precision type crankshafts are oversized, as are the connecting rod bearing inserts.

High capacity generators deliver maximum output at low engine speeds and there is a new high-volume replaceable-element oil filter.

A feature of the new Ford six-cylinder engine is the aluminum alloy pistons which are longer and plated to resist wear. These pistons have four rings above the wrist pin for maximum oil economy and minimum friction losses. The compression ratio, 6.8 to 1, produces more power and a new high-lift camshaft opens valves wider and faster, resulting in more efficient intake and exhaust.

The 100 horsepower engine now has accessories conveniently grouped on top for easy servicing as well as many other new features.

Features of the 145-horsepower power plant include hydraulic valve lifters which automatically compensate for valve wear and insure quiet operation.

Silichrome exhaust valves are faced with one of the toughest metals

known.

A governor has been built into the carburetor and operates from engine speed and vacuum. This engine, designed for the new "big jobs," develops 225 pound feet of torque.

Many other new engineering features have been included in the new trucks. Steering ratios have been increased for easier handling.

Greater rigidity has been achieved in the frames by extending the side rails to which are attached the heavy channel steel front bumper. Frames on the F-7 and F-8 series are nine inches in depth with sturdy alligator jaw cross members.

Clutches on the larger trucks are 12 inches in diameter, capable of easily handling the peak torque output of the 145-horsepower engine. These trucks also have five-speed transmissions. The F-7, with maximum gross vehicle weight of 19,999 pounds, has a single speed heavy duty hypoid axle. The F-8, with a gross vehicle weight of 21,500 pounds has a two-speed axle, making 10 speeds available for all types of roads and loads.

The new Ford light trucks have direct action shock absorbers. Wider axles permit shorter turning and ample chain clearance. Straight through mufflers reduce back-pressure, improving engine performance.

Two-ton and heavier models are equipped with vacuum power brakes. Another new feature of the new line is wider base wheel rims with tapered tire bead seats.

Texans Are Wondering if Coke Can Beat Pappy; O'Daniel Now Says He's Politician But a Good One; Coke Just Keeps On Smoking

AUSTIN, Jan. 10.—When politicians gather these days the question is asked: "Can Coke beat Pappy?"

The question is premised on the assumption that Junior Senator W. Lee O'Daniel will announce for reelection. The latest announced candidate is former Governor Coke R. Stevenson, who said he would beat the bushes in and all-out campaign no matter who was in the race against him.

Should O'Daniel and Stevenson tangle, it may be freely predicted that the race would be one of the hottest the state has ever seen. It would likely produce from Senator O'Daniel some pointed references to his earlier political relationships with Stevenson, who succeeded him in the governor's office.

It was called that O'Daniel in a Washington interview several months ago said he did not think Stevenson "would want to place himself in the position of an ingrate" and run against him.

O'Daniel was referring to two circumstances: the fact that he came out in support of Stevenson in a close race for the lieutenant governorship in 1938, and the fact that he stepped out of the governor's office in August, 1941, to go to the Senate. This elevated Stevenson to the governorship.

This brought from Stevenson a calm but firm rejoinder to the effect that he owed no political debts to O'Daniel. There the matter stood until Stevenson erased any doubt in O'Daniel's mind about his candidacy. If O'Daniel follows the pattern by announcing he would run Jan. 1.

set in earlier campaigns, he likely will have a good deal to say about "professional politicians." Stevenson has already discussed it.

In his opening speech, he identified himself as a "small-town business man and rancher", adding:

"I suppose I might also be called a politician, since you, the people of Texas, have honored me by choosing me to serve you in the governor's chair and in other public offices. I have tried to be a good politician. (He emphasized "good".) I have endeavored conscientiously to apply business principles to whatever part I have had in the conduct of the state government. To the best of my ability I have tried to be the kind of politician that serves the people well and faithfully, without double-dealing or grandstanding."

Friends of Stevenson were convinced these remarks were studiously pointed toward a target that would almost surely pop up.

In the discussions centering of who could beat whom, there is a notable absence of positive assertions, except that it would be a rough, tough race. Both Stevenson and O'Daniel have notable vote-getting characteristics, backed by past performances at the polls.

Social Security Representative Due Here January 13th

Residents of Cameron and vicinity who have business or inquiries connected with the operation of the Federal Old-Age and Survivors Insurance System will have an opportunity to discuss them personally with a representative of the Austin Social Security office who will visit Cameron on a regularly scheduled basis; David S. Pruitt, Manager of the Austin office of the Social Security Administration said today.

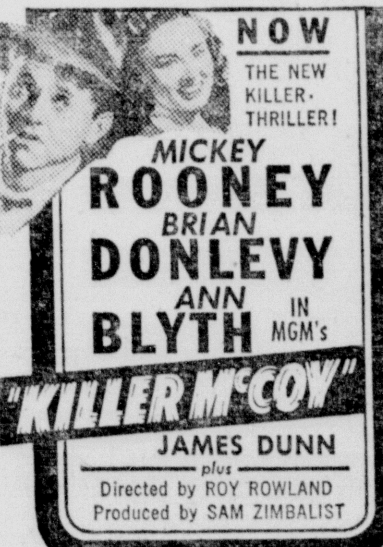

A representative will be at the OAA Office in Cameron on Tues., Jan. 13 at 1:00 p. m.

The service is established to give persons of this area an opportunity to file benefit claims, obtain new and duplicate social security cards, check their wage record and make inquiries concerning the old-age and survivors insurance program. Dates of future visits will be announced later.

CARD OF THANKS

We wish to express our grateful thanks to our friends and relatives for their kind words of condolence, the beautiful floral offerings and for anything that you did for us at the death of our loved one, Leo Jistel. We pray God's richest blessings on each of you.

Baptist Brotherhood Begins New Year With Banquet and Program

The Brotherhood organization of the First Baptist church held its regular monthly meeting on Monday evening, January 5, at 7:25 in the Educational building of the church.

This was the first meeting held in 1948.

The Brotherhood had as special guests their wives.

The program opened with the group singing "Onward Christian Soldiers" led by C. L. Canady with Miss Aleene Griswold as pianist. Rev. L. L. Morriss, pastor of the church gave the invocation. Jack Hardy, president of

the Brotherhood presided at the meeting saying that the program had a two-fold purpose. That ladies of the church might be privileged to hear a good musical program and that all might know how our pastor lived at the parsonage by attending the open house at the home of Rev. and Mrs. L. L. Morriss.

A special musical program was rendered with J. R. Young serving as program chairman with Jack Hardy introducing the program.

Mrs. William F. Arthur and Miss Griswold sang a duet accompanied at the piano by Miss Anita Dusek.

A special feature of the program was rendered by Mr. and Mrs. J. J. Faulkner and Miss Ketching of Rockdale. Mr. and Mrs. Faulkner both blind but talented and accomplished musicians delivered an inspiring program to a large audience. Mr. Faulkner rendered a number of piano selections. One selection that was impressive was his singing and playing "The Pearly White City". To supplement the musical program he gave a musical devotional on "Happiness of Life" concluding with the chorus of "Does Jesus Care". Mrs. Faulkner then rendered two beautiful violin numbers with Miss Ketching an accomplished musician and instructor playing the piano.

Rev. L. L. Morriss extended an invitation for the group to attend open house at the parsonage. W. E. Kuehl gave the benediction.

In the receiving line were Rev. and Mrs. L. L. Morriss and Jack Hardy, President of the Brotherhood.

Refreshments were served in the dining room consisting of sandwiches, cookies, mints and punch. The table was covered with a lace cloth and centered with a bouquet of red roses. Mrs. Leo Jackson and Miss Winnie Henderson presided at the punch bowl. Others in the house party were Mrs. Leona G. White and Mrs. Jack Hardy and the business women's circle of the First Baptist Church. Green candles in crystal holders completed the decoration. William North served on the refreshment committee.

Noted improvements at the parsonage were repairs and improvements of the kitchen and bath rooms with every added and modern facility. This work was accomplished by the property committee composed of Ray Burke and Grady Cooper.

Attendance was large at the open house and reception, with members and friends calling during the evening.

Printing is a home industry.

EDWARD BRANTLEY IS TAKEN TO HOSPITAL

Edward Brantley, 16, sustained a severe wound early Thursday while hunting with companions near the pump house on Little River.

He was accidentally shot by Johnnie Richards in the left arm and was rushed to Newton Memorial Hospital where the extent of the injury was being determined early this morning.

It was reported that there might be some chance of saving his arm also a possibility it might have to be amputated, depending on the extent of the injury. Brantley lost considerable blood and was very weak when he reached the hospital.

Sheriff Carl Black and Deputy Douglas Barron went to the hospital to see Edward and to check into the cause of the accident.

Edward Brantley, Johnnie Richards and Wright Price, Jr., were hunting for rabbits in the bottoms. The rifle carried by Richards was accidentally discharged.

Mr. Barron said shortly before noon that after examination at the hospital it was found that Brantley's arm was badly broken, but the doctor believed he would not have to amputate.

THE CAMERON HERALD

JANUARY 15, 1948

Says Gun Was In Car When Discharged; Accident Explained

A corrected version of the accidental shooting of Edward Brantley early Thursday morning was given by Wright Price and Johnnie Richards late Thursday to The Herald.

Price said they were not hunting but were in the bottom to do some hay baling. The shotgun was leaning against the back seat of the car and as the machine started the gun in some manner fell over against Brantley's arm and was accidentally discharged. This was in error. The weapon was a shotgun and not a rifle as reported.

Brantley is in a hospital with a broken and badly injured left arm but physicians believe it can be saved. He was reported doing nicely.

Mrs. John Michna of Cameron is a patient in the Newton Memorial Hos-

Happy Storey Hurt In Fall Saturday

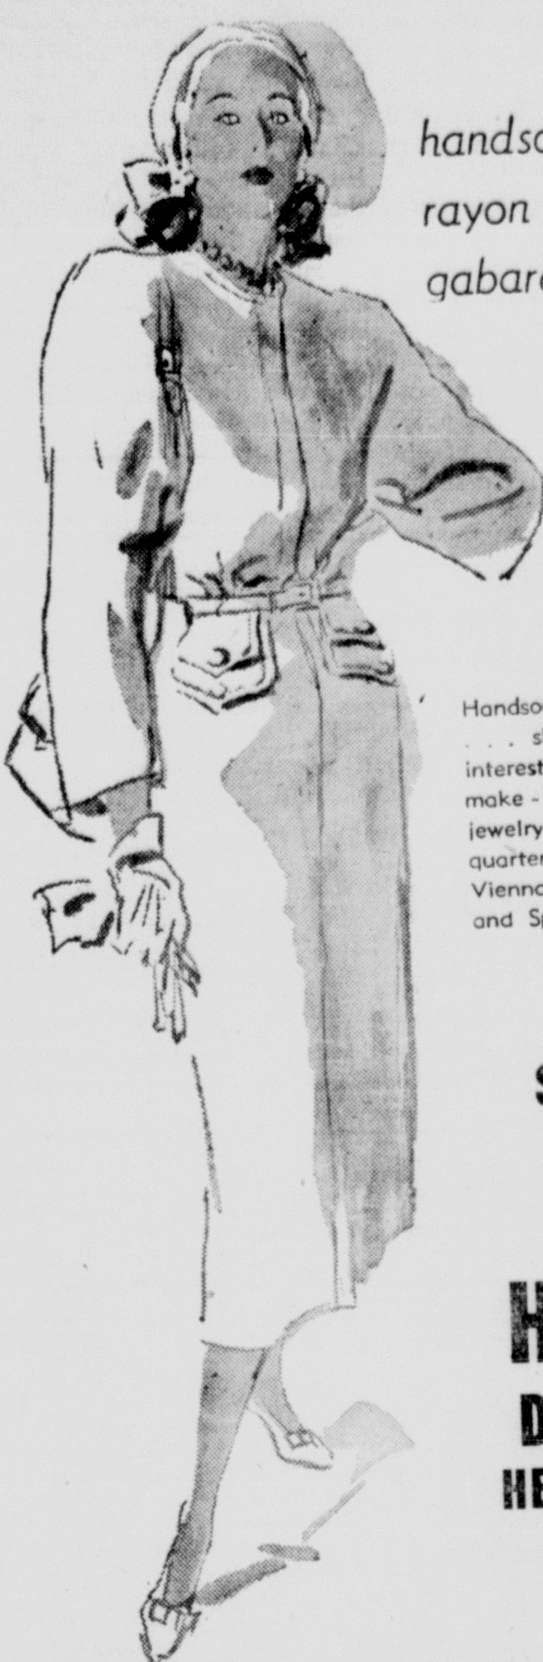

Happy Storey sustained severe injuries at 10 a. m. Saturday in a fall near Ben Arnold.

Mr. Storey had climbed to a telephone pole to untangle a line for a drag liner machine and fell. He sustained 3 broken ribs and was taken to Newton Memorial Hospital for treatment.

He is the son of Mr. and Mrs. R. L. Storey and is employed by The Scurlock Company, operators of dirt moving machinery.

The accident occurred on Highway 77 near the home of Henry Reeves, highway maintenance supervisor.

Mr. and Mrs. Martin Ruby, Jr., of Waco spent Wednesday and Thursday in the home of Mr. and Mrs. Bill Alex Bonds. Mr. Ruby is a member of the Brooklyn Dodgers football team.

On a heavy-duty job, give me new Advance-Design CHEVROLET TRUCKS and here's a "load" of reasons why...

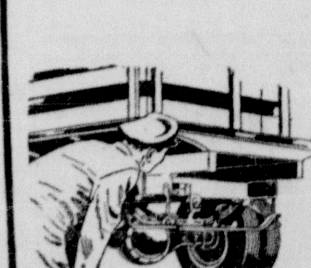

Only Advance-Design Trucks Have All These New and Finer Features:

- ★ Cab that "breathes"
- ★ Flexi-Mounted cab
- ★ Uniweld, all-steel construction
- ★ Larger, more durable, fully adjustable seat
- ★ 22% greater visibility
- ★ New, rear-corner windows
- ★ Stronger, new frames
- ★ Full-floating hypoid rear axles
- ★ Specially designed hydraulic truck brakes
- ★ Valve-in-Head Thrift-Master or Load-Master engines
- ★ More efficient loading (stake and high-rack bodies)
- ★ New, thorough sealing insulation
- ★ Standard cab-to-axle-length dimensions permitting interchange of bodies
- ★ ... and MANY more!

Brother, how these stronger, new frames stand-up! Wheel-bases are longer, too, for better load distribution. And the brakes are exclusively designed for greater brake-lining contact!

Here's a special, heavy-duty job and an extra-special truck! Take your pick from 107 different models and eight wheel-bases. There's one made for your special kind of job.

There's nothing like the cab that "breathes" for comfort! Fresh air is drawn in from the outside—heated in cold weather—and used air is forced out. The cab is cushioned on rubber—Flexi-Mount—with 12 inches more foot room and eight inches more seating space. There's 22% greater visibility, too, they tell me. The seat is fully adjustable. Man, this is it!

Look—rear-corner windows! Now it's a cinch to back up without jackknifing. Yes, sir, these trucks are brand new—really different with Advance-Design. And they're packed with power in the world's most economical engine for its size—Chevrolet's Valve-in-Head engine. *Fresh air heating and ventilating system and rear corner windows optional at extra cost.

Come in and see these trucks—today! There's a Chevrolet Advance-Design truck to meet your specific needs and offer you TRANSPORTATION UNLIMITED!

BEVERAGE ASSOCIATION—
(continued from page one)

the Association of colored beverage dealers, with J. M. Floyd as President.

The Association plans to employ their own officer who will work in close co-operation with county and city officials and at the next meeting this appointment will be taken up.

W. J. Rice of Cameron is secretary of the association and gave the report of the previous meetings.

The dealers have elected to steer clear of price fixing leaving to the individual dealer the discretion of prices they will charge for the beverages sold. Dues are fixed at \$1.00 per month.

The dealers will stamp out the abuse of overindulgence by posting the names of habitual drunks and they will be on an automatic cut off list all over the county. Better service and clean premises are another of the objectives. Also the dealers will closely scrutinize applications for licenses and will make any recommendation they think necessary for the information and guidance of the County Judge and the Liquor control Board on whom rests the responsibility for granting or refusing licenses to sell. Particular importance, said Mr. Bryan, is the character and type of men and women who wish to engage in the business and the location of beverage houses. "We are engaged in a legitimate business under the law, as much so as any other business, and we propose to keep our business abreast with every modern service, keep clean and to see that there are no abuses. We invite the full co-operation of officers and welcome their help and will help them," he said.

Judge Tyson congratulated the dealers on the organization and outlined briefly what his policies will be in approving licenses. He said he cannot refuse a license approval unless he has good reasons to do so and in all cases he welcomes the information from all parties. He said he had been criticised for imposing heavy fines on drunk drivers but got a good round of applause when he said he would continue to do everything possible to stamp it out if imposition of penalties can achieve it. On each application a 5 day notice is posted, said Judge Tyson, and anyone may protest. He said he would welcome any recommendations made by the Beverage Dealers Association.

Mayor A. W. McCullin told the dealers he regards their organization as a step in the right direction and called on them to be very strict in

stamping out abuses. Since he has been Mayor of Cameron he said that he had seen filed in his court some 300 cases and that 95 per cent were for drunkenness, or from causes attributed to drink. He said he would be glad to give the Association a list of habitual offenders so far as his docket reflects.

Jim McGoldrick, city Marshal, was applauded when he said he would work with any officer the Association names and that he believed the Beverage Dealers are taking a step in the right direction.

W. J. Mints of the Liquor Control Board said the organization here is the beginning of a new era for retail beverage sales in Texas. He said that Milam county is one of the bright spots in that little or no trouble is had here. Mr. Mints asked the dealers to be most careful in their dealings and that they must stamp out over drinking, pointing out that a single auto accident in which 7 people were killed had resulted in prohibition: returning to a large Texas city.

Officers of the Association are: W. P. Bryan, President; Emmett Streeman, 1st Vice-President; J. C. Krall, Buckholts, 2nd Vice-President; Charlie Hensel, Burlington, 3rd Vice-President; Frank Jekel, Splawn, 4th Vice-President; Talmadge Simmons, Rockdale, 5th Vice-President and Bailey Doss, Rockdale, alternate 5th Vice-President; J. M. Floyd, President Colored Associates, Cameron; W. J. Rice, Cameron, Secretary and Treasurer; Finesas Thweatt, Membership Committee; Lee Marek, Entertainment Committee; Coy Arledge, Poll Tax Committee, and E. C. Cammer, associate membership committee chairman.

Dealers attending the meeting Wednesday are: Frank Jekel, Emmett Streeman, W. J. Rice, Cotton Bryan, Finesas Thweatt, Bailey Doss, Mrs. Lizzie Pelzel, Hugo McCauley, Walter Morosko, Talmadge Simmons, Grover York, Lee Marek, John Garcia, Alphonse Mikulec, Roy Lindsey, Ben Thweatt, John Hrozek and E. C. Cammer.

All the hulls and meal you want at Cameron Cotton Oil Company.

Mr. and Mrs. Victor Vaculin are parents of a baby son born at Newton Memorial Hospital Sunday, January 11 at 11 p. m. The baby weighed 8 pounds and 6 ounces and has been named, Phillip William. Mrs. Vaculin is the former, Sylvia Bell from England. Grandparents are Mr. and Mrs. Joe Vaculin, Sr.,

Tommie Hobbs is a patient in Newton Memorial Hospital.

Newton Andrews Taken
To Sanatorium Custody;
Is Now a Tubercular

Newton Andrews of Rockdale, sentenced to two years in county jail here in 1947, has been transferred to custody of the state tubercular hospital at Sanatorium, Texas.

Article 137 of the code of criminal procedure which provides for transfer of authority for ailing prisoners.

Andrews according to physicians contracted tuberculosis and it was thought his confinement in jail may have been one of the causes. When Andrews condition was ascertained County Attorney Morrison, instituted proceedings in the court as provided by law in such cases, taking into consideration not only the condition of Andrews but the health of other prisoners.

In the court proceeding Dr. Clifford Swift, county health officer and Dr. David Shapiro, Cameron physician, both testified to Andrews' condition.

Andrews was sentenced to 2 years on a plea of guilty to aggravated assault. George Andrews, his father was sentenced to 2 years in prison on a plea of guilty after a jury had disagreed in his trial for murder for the slaying of Earnest Andrews. Action for the transfer of Andrews to Sanatorium was brought in Judge Dan Tyson's court where jurisdiction lay. County Attorney Morrison represented the state. Andrews was taken to the tubercular hospital last Wednesday by Sheriff Carl C. Black.

WORLD FOOD SHORTAGE
INSURES GOOD PRICES

Secretary of Agriculture, Clinton Anderson, suspended quotas and acreage allotments on the 1948 crop of peanuts on January 2 because of the world shortage of food fats and oils.

The suspension of quotas means that farmers may produce as many peanuts as they wish in 1948 without incurring marketing penalties because of having exceeded announced 1948 farm acreage allotments.

The price of the 1948 crop of peanuts will be supported at 90 per cent of parity through December 31, 1948 to all growers. Under present law, the 90 per cent parity price support for edible peanuts ends December 31, 1948, but the law may be extended or amended and extended to subsequent crops by the congress that is now meeting.

Marketing quotas and acreage allotments are still in effect on the 1949 and 1950 crops of peanuts. The Secretary may suspend quotas and allotments on the 1949 crop and also on the 1950 crop at the appropriate time, if he finds that a National Emergency exists or that there has been a substantial increase in the export demand and world market for peanuts and peanut products.

Mrs. Maude Hillyer has returned from a visit with her children in San Antonio.

Mr. and Mrs. S. C. Langford of Texas City spent the week end in Cameron with Mr. and Mrs. Henry Dreyer.

WILSON KILLEN BUYS
GROCERY STORE HERE

Wilson Killen has purchased the interest of Andrew Esslinger in the Esslinger & Killen grocery and market in Cameron.

The deal was closed here late Wednesday and both Mr. Killen and Mr. Esslinger have announced the change in the business. Mr. Killen now becomes sole owner of the store, one of the oldest business locations in the city on the corner of Houston and West First Street, for many years the C. N. Green & Bros. store.

Mr. Killen is no stranger to Cameron business circles. He is an experienced merchandiser, a veteran of the late war, having served in the Army Air Corps. After his discharge he returned to his business here and continued as a partner until he purchased the interests of Mr. Esslinger.

Friends of Mr. Killen and people over the territory will be glad to know of his purchase.

Economics Classes
To Be Invited Here

Home economics classes in the schools of Milam county will be invited to spend a day in Cameron during the summer, it was disclosed following a meeting of the Chamber of Commerce directors Tuesday night.

E. C. Cole, Southern Pacific Railroad, has played host to the Rosebud class here for several years, arranging ice water for them in Wilson-Ledbetter park.

Enlarging upon this hospitality the Chamber will invite other classes here, entertain them with tours of the city and arranging for refreshments in the park. Special buses are to carry them to places of interest on their visit here, date to be set later.

Lonnie Armstrong visited in Houston and Galveston last week.

Miss Jean Adams of Buckholts was a Cameron visitor recently.

From where I sit... by Joe Marsh

Who Are We, Anyway?

Subject came up at Bill Webster's, the other day, as we were chatting over beer and pretzels. Just who are the folks who make up our town? Where'd they come from?

Well, Doc Hollister's Scotch-English ancestry; Will Dudley's folks were mining stock from Pennsylvania; Skip Powell's family were brewers back in Holland.

Guess our bloodstream's got a bit of every country of the globe—and every section of America. We've still got differences in taste and background—whether they apply to music, history, or beer. Only those

differences don't matter—because we're self-respecting people, in a free, united land.

And from where I sit, that's what makes our towns and cities—our America—so strong, progressive, tolerant. Our championship of individual liberties has brought us people from all faiths, all lands—to prove that respect for one another's rights is the greatest bond humanity can know!

Joe Marsh
